Sir,

Sub: Provisioning of IQ facility for Non-Executive - reg

Your kind attention is invited to the IQ booking program being controlled by Corporate office. While going through the booking site, it is seen that accessibility for non-executives has been restricted. It is not understood whether an employee of BSNL on requirement has to be allotted the facility through an Executive only. Such an allotment may cause further complication during occupation of the premises. It is a sad fact that numerous IQs all over India is lying vacant/unutilised during most of time all-round the year. Non-occupation leads to non-maintenance and which will lead to un-inhabitable conditions and loss of revenue. This will also cause users refraining from opting the available facility. Examples can be cited in many prime locations in the State itself.(eg. Calicut Beach IQ, Trivandrum, Wayanad etc.)

In this regard it is requested take up the anomaly with Corporate office and make necessary change to include Non-executive users also depending upon the vacancy, so that the premises does not fall into a waste.

Thanking you,
Yours faithfully,

/C. Santhosh Kumar/
Circle Secretary
